### **Reasons for Allowance**

The following is an examiner's statement of reasons for allowance: The prior art of record fails to teach the claimed combination of limitations, including, but not limited to, a filter comprising a filter media supported on a permeable wall including a filter media outlet which is normally closed, a fluid inlet, a fluid outlet and opening means for opening the filter media outlet.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

### ***Information Disclosure Statement***

The listing of references in the specification is not a proper information disclosure statement. 37 CFR 1.98(b) requires a list of all patents, publications, or other information submitted for consideration by the Office, and MPEP § 609.04(a) states, "the list may not be incorporated into the specification but must be submitted in a separate paper." Therefore, unless the references have been cited by the examiner on form PTO-892, they have not been considered. It is noted that no Information Disclosure Statements were submitted.

Any inquiry concerning this communication should be directed to /Robert James Popovics/ at telephone number (571) 272-1164.
